Application Case Studies

Overview (1/4)

		Guppy	Guppy PRO	Marlin	Stingray	Oscar	Pike	Manta	Prosilica GC	Prosilica GB/GS	Prosilica GE	Prosilica GX
Industrial Inspection												
AICON 3D – TubeInspect	Automotive			●								
EDAG – Best-Fit	Automotive			●								
Radane/Data Vision – NP Plastics	Plastic Injection	●		●								
Premier Evolvics – Automated Rapid Tester	Textile	●										
Stone Three Venture Technology - Lynxx	Mining							●				
ImageXpert – JetXpert	Printing				●							
Metaio – Unifeye Prototyping	Automotive	●										
Laetus – iCAM	Pharmaceutical				●							
Boehringer Ingelheim –Capsule Inspection	Pharmaceutical			●								
Pi4 robotics – pi4 workerbot	Misc.	●										
TriVision Packaging Inspector	Food Packaging	●		●	●							
MOS Airbag Inflator Inspection	Automotive	●										

Overview (2/4)

		Guppy	Guppy PRO	Marlin	Stingray	Oscar	Pike	Manta	Prosilica GC	Prosilica GB/GS	Prosilica GE	Prosilica GX
Scientific Research												
Alaska Department of Fish and Game – Scallop Stock	Environmental Research										●	
New Jersey Insititute of Technology – Coral Reef Study	Environmental Research										●	
SensoMotoric Instruments – iView X RED Eye Tracker	Marketing, Psychology						●					
eSolar – Concentrated Solar Power Plant	Green Energy							●				
Moskow State University – Gamma Ray Observation	Astronomy										●	
3DDynamics – Mephisto Extreme 3D Scanner	Archeology, Life Science						●					
Tytec – Stereo Wizard 3D Microscopy	Microscopy										●	
Wageningen University – Weed Scanner	Agronomy			●								
NASA/General Motors – Robonaut 2	Robotics							●				
Security & Traffic												
Idaho National Laboratory – RADAS Drone	Defense, etc.										●	
Kria – T-EXSPEED 2 Speed Enforcement	ITS								●			
China Daheng – Intersection Monitoring	ITS							●				
Cornell University AUV – Tachyon Sumbarine	Defense, etc.	●										

Overview (3/4)

		Guppy	Guppy PRO	Marlin	Stingray	Oscar	Pike	Manta	Prosilica GC	Prosilica GB/GS	Prosilica GE	Prosilica GX
Logistics												
Matrix Systems & Solution – Product Packaging & Traceability	Chemicals										●	
Matrix Systems & Solution – Mailing	Mail Processing							●				
Multimedia & Entertainment												
Pompeu Fabra University – Reactable	Music	●										
FH Köln – Automatic Foosball Robot	Gaming					●						
3db Solutions – Playland Rollercoaster	Amusement Park							●		●		
Mobidium – Virtual Stage	Advertising	●										
R&D Vision – Swing&See Golf Swing Analysis	Sports					●						
Vexcel – Bing Streetside Mapping	Multimedia							●				
space 150 – Giant Interactive Billboard	Advertising										●	
FilmFabriek – Müller Film Scanner	Film Digitization					●						

TubeInspect

AICON 3D Systems GmbH, Germany

Category: Industrial Inspection

Industry: Automotive

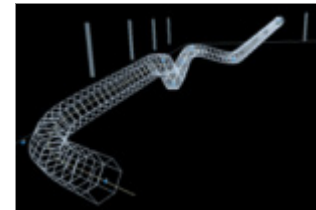

Application: 3D measurement of tubes and pipes (fuel, braking fluid, etc.)

Challenges:

- Synchronized capture from up to 16 cameras
- Deferred image transfer

Camera Solution: AVT Marlin FireWire cameras

[Full case study](#) | [YouTube Video](#)

EDAG Best-Fit

EDAG GmbH & Co. KgaA, Germany

Category: Industrial Inspection

Industry: Automotive

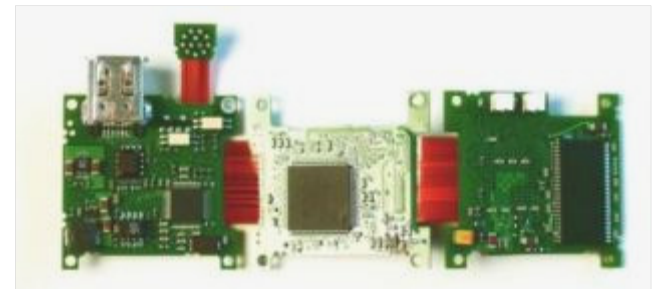

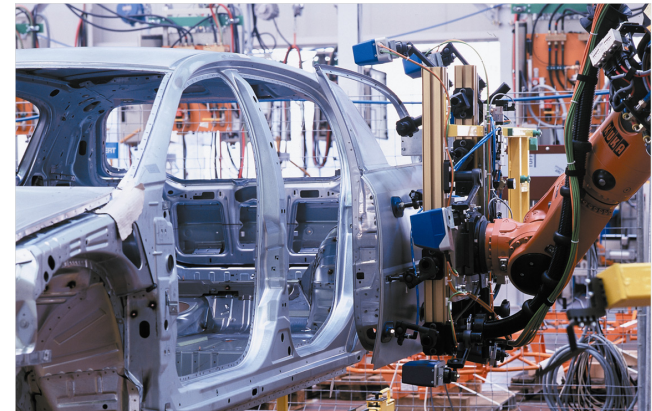

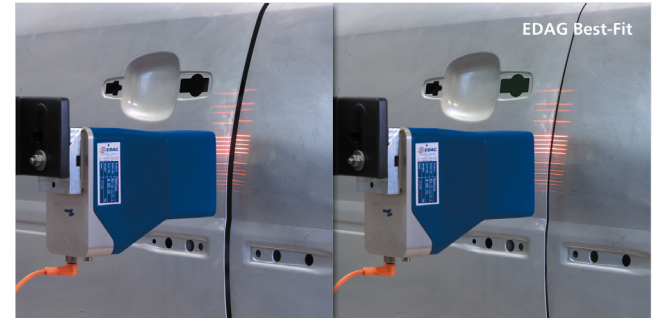

Application: Gap optimization in car body manufacturing

Challenges:

- Integration in custom vision sensor with laser projection
- Multi-camera system

Camera Solution: AVT Marlin board-level camera

[Full case study](#)

NP Plastics

Radine BV/Data Vision BV, The Netherlands

Category: Industrial Inspection

Industry: Plastic injection moulding

Application: Quality inspection of plastic rollers for document binders

Challenges:

- 100% inspection
- 600 pieces/minute
- 2 different viewing angles

Camera Solution: AVT Marlin F-046 + Guppy F-080

[Full case study](#) | [YouTube Video](#)

Premier ART

Premier Evolvics Pvt. Ltd., India

Category: Industrial Inspection

Industry: Textile

Application: Cotton fiber grading

Challenges:

- Migration from analog to digital interface;
- High cost sensitivity

Camera Solution: AVT Guppy F-044 (interlaced)

[Full case study](#)

Lynxx Optical Particle Analyzer

Stone Three Venture Technology Ltd., South-Africa

Category: Industrial Inspection

Industry: Mining

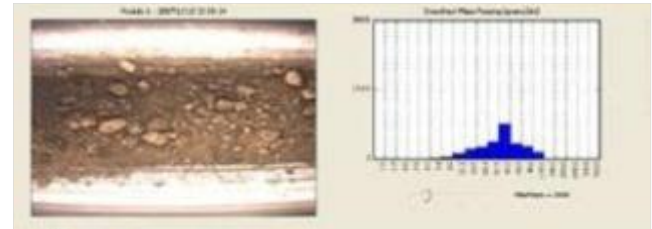

Application: Optical ore size measurement

Challenges:

- Replace manual sample measurement with automated, 100% measurement
- Harsh environment (dust, temp.)

Camera Solution: AVT Prosilica GC1020C

[Full case study](#)

JetXpert

ImageXpert Inc., USA

Category: Industrial Inspection

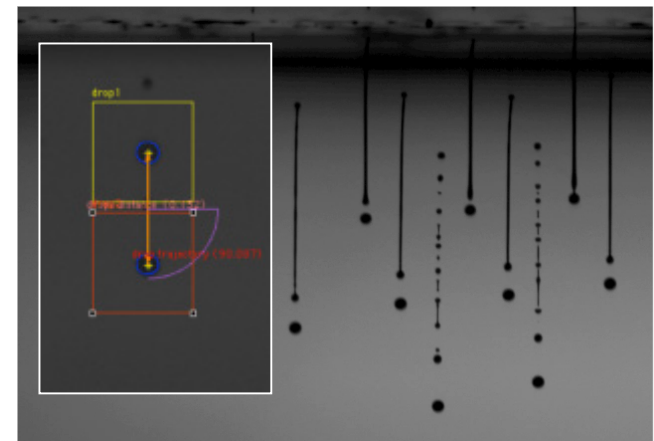

Industry: Printing , printing supplies

Application: Ink jet drop-in-flight analysis
for quality assurance

Challenges: Measure ink droplet volume,
trajectory and speed at 10 m/s

Camera Solution: AVT Stingray F-080/Guppy F-080

[Full case study](#) | [YouTube Video](#)

Unifeye Prototyping

Metaio GmbH, Germany

Category: Industrial Inspection

Industry: Automotive

Application: Integration of virtual prototypes into existing vehicles using Augmented Reality

Challenges: High-precision measurement with measuring arm

Camera Solution: AVT Guppy F-080

[Full case study](#) | [YouTube Video](#)

iCAM

Laetus GmbH, Germany

Category: Industrial Inspection

Industry: Pharmaceuticals

Application: Drug packaging inspection and tracking

Challenges:

- OEM camera development
- Reduce camera diversity for various applications

Camera Solution: AVT Stingray board-level camera

[Full case study](#)

Drug Capsule Inspection

Boehringer Ingelheim, Germany

Category: Industrial Inspection

Industry: Pharmaceuticals

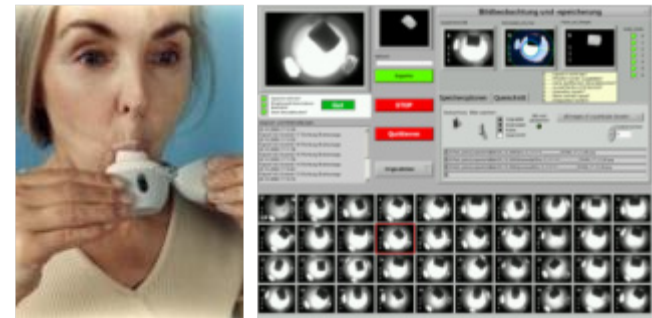

Application: Measurement of micronized powder quantity in drug capsules

Challenges:

- 100% inspection
- 80,000 capsules/hour
- very small quantities (5.5 mg)

Camera Solution: AVT Marlin F-046

[Full case study](#)

Pi4_workerbot

pi4_robotics GmbH, Germany

Category: Industrial Inspection

Industry: Miscellaneous

Application: Labor-intensive or hazardous manufacturing and inspection tasks

Challenges: Plug-and-play camera swap

Camera Solution: AVT FireWire cameras (Guppy, Stingray, etc.)

[Full case study](#) | [YouTube Video](#)

Airbag Inflator Inspection

MOS Industrial, Taiwan

Category: Industrial Inspection

Industry: Automotive

Application: Quality control of gas cylinder valves for airbag inflation

Challenges:

- 100% inspection
- Limited space
- Cost constraints

Camera Solution: AVT Guppy F-033

[Full case study](#)

DOSIS

Manchac Technologies LLC, USA

Category: Healthcare & Medical

Industry: Pharmacy Retail

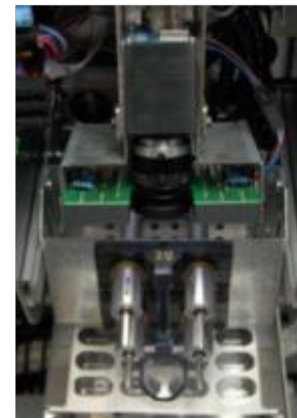

Application: Automated prescription packaging at pharmacy shop

Challenges:

- Manage up to 60 different solid oral medications
- Error-free packaging

Camera Solution: AVT Prosilica GC1020

[Full case study](#) | [YouTube Video](#)

SIMI Motion

SIMI Reality Motion Systems GmbH, Germany

Category: Healthcare & Medical

Discipline: Orthopaedics

Application: R&D, diagnostic and treatment of musculoskeletal diseases

Challenges:

- Motion capture without markers
- High image quality
- High frame rates

Camera Solution: AVT Pike F-032 (208 fps)

[Full case study](#) | [YouTube Video](#)

Cell CT

Vision Gate Inc., USA

Category: Healthcare & Medical

Discipline: Cancer Research

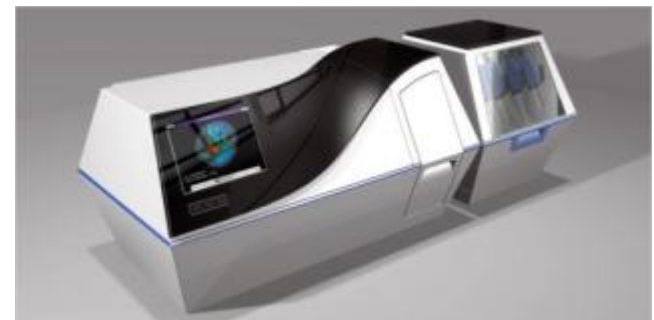

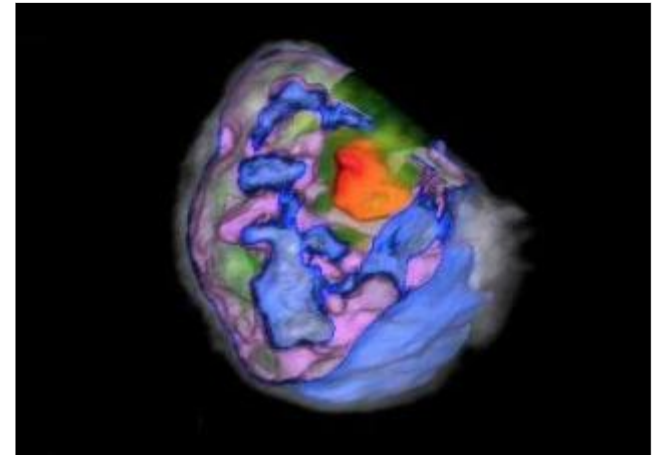

Application: 3D quantitative analysis of cancer biosignatures in lung cells

Challenges:

- Microscopy application
- 360° cell rotation
- 500 high-quality images per cell

Camera Solution: AVT Prosilica GE1650

[Full case study](#) | [YouTube Video](#)

Dental Imaging System

Applied Scintillation Technologies, UK

Category: Healthcare & Medical

Discipline: Dental Imaging (X-Ray)

Application: Inspection of X-ray-sensitive coating on dental imaging CCDs

Challenges:

- High-precision measurement
- Microscopy
- X-Ray

Camera Solution: AVT Prosilica GE49000 (16 Mpixel)

[Full case study](#)

3D Arthritis Hand Scanner

threeRivers 3D, USA

Category: Healthcare & Medical

Discipline: Arthritis Research

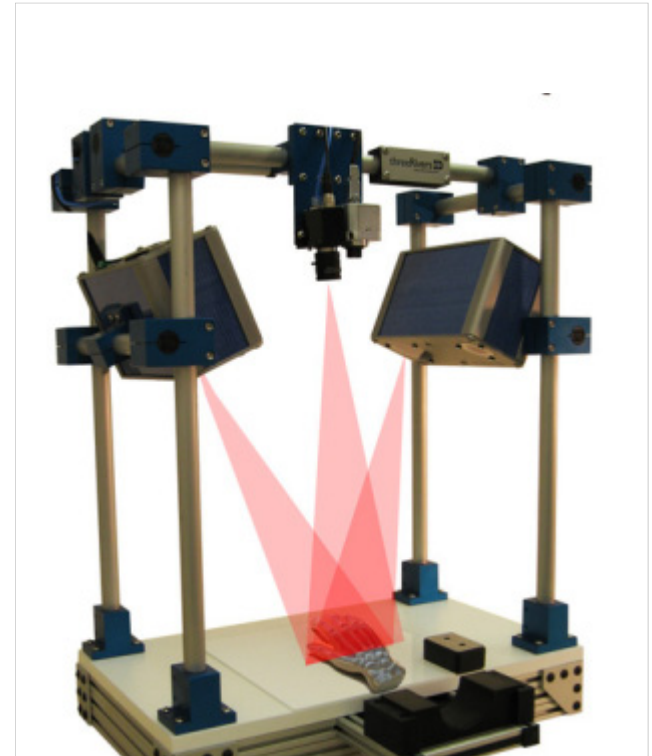

Application: Diagnostics and monitoring of rheumatoid arthritis

Challenges:

- Laser triangulation
- Multi-camera
- Risk of motion blur

Camera Solution: AVT Prosilica GC1290

[Full case study](#)

Scallop Stock Assessment

Alaska Department of Fish and Game, USA

Category: Science & Research

Discipline: Environmental Research

Application: Statistical assessment of scallop stock in Bering Sea

Challenges:

- Underwater imaging
- Low light condition
- Cable length (ship → sled)

Camera Solution: AVT Prosilica GE1380C

[Full case study](#)

Coral Reef Study

New-Jersey Institute of Technology, USA

Category: Science & Research

Discipline: Environmental Research

Application: Statistical population assessment of endangered fish species

Challenges:

- Underwater imaging
- Multi-camera system
- Cable length (camera → PC)

Camera Solution: AVT Prosilica GC1380C

[Full case study](#)

iView X RED

SensoMotoric Instruments GmbH, Germany

Category: Science & Research

Discipline: Behavior Research

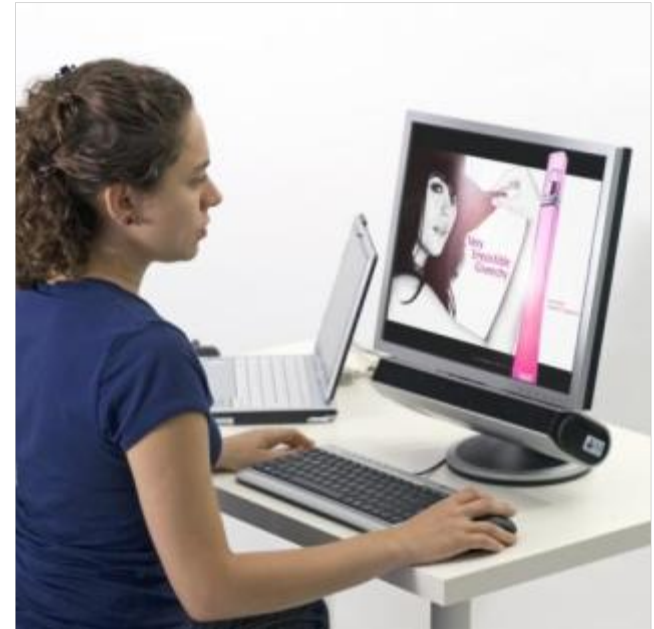

Application: Eye-Tracking for marketing, ergonomics and psychology,...

Challenges:

- No head-mounted apparatus
- Fast, minimal eye movements
- Changing lighting conditions

Camera Solution: AVT Pike (customized)

[Full case study](#) | [YouTube Video](#)

Concentrated Solar Power

eSolar Inc., USA

Category: Science & Research

Discipline: Solar power

Application: Thermal solar power plant with vision-based sun tracking

Challenges:

- Cable length
- Hard climate conditions (heat)

Camera Solution: AVT Prosilica GC750

[Full case study](#) | [YouTube Video](#)

Gamma Ray Observation

Moskow State University, Russia

Category: Science & Research

Discipline: Astronomy

Application: Detection and measurement of gamma ray bursts

Challenges:

- lowest possible exposure
- Lowest possible readout
- High resolution

Camera Solution: AVT Prosilica GE4000 (11 MPixel)

[Full case study](#)

Mephisto Extreme

3DDynamics, Netherlands

Category: Science & Research

Discipline: Archeology, life science, etc.

Application: 3D Scanning with structured light

Challenges:

- High precision with HD resolution
- High sensitivity
- Ease of use (plug-and-play)

Camera Solution: AVT Pike F-210

[Full case study](#) | [YouTube Video](#)

StereoWizard

Tytec GmbH, Germany

Category: Science & Research

Discipline: Microscopy

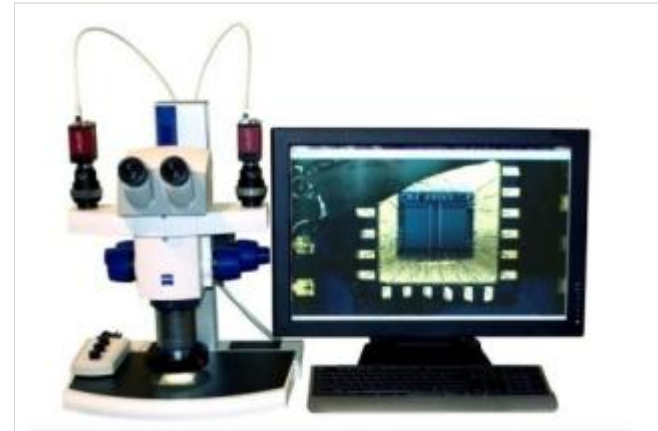

Application: Real-time 3D/stereoscopic microscopy

Challenges:

- High image quality
- HD resolution
- High frame rates (real-time)

Camera Solution: AVT Prosilica GE1910

[Full case study](#) | [YouTube Video](#)

Weed Scanner

Wageningen University, Netherlands

Category: Science & Research

Discipline: Agronomy

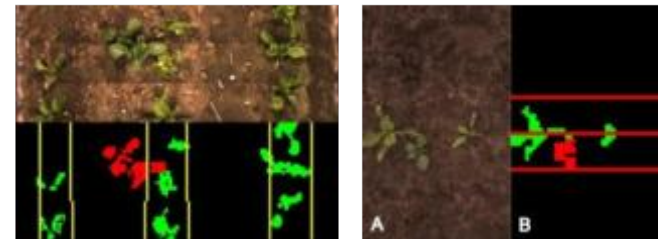

Application: Vision-based weed treatment on open field

Challenges:

- Changing lighting conditions
- AOI, shading correction, etc.
- Harsh environment

Camera Solution: AVT Marlin F-201

[Full case study](#)

Robonaut 2

NASA/General Motors, USA

Category: Science & Research

Discipline: Space exploration, robotics

Application: Humanoid astronaut-robot for the International Space Station

Challenges:

- Humanoid package
- Stereoscopy + TOF
- Rigors of space flight

Camera Solution: AVT Prosilica GC2450C

[Full case study](#) | [YouTube Video](#)

RADAS

Idaho National Laboratory, USA

Category: Security & Traffic

Industry: Security, firefighting, defense

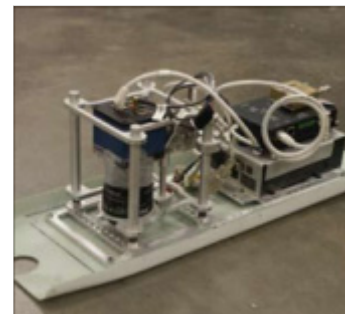

Application: RADAS = Rapid Airfield Damage Assessment System
(reconnaissance with drone)

Challenges:

- High resolution
- High image quality

Camera Solution: AVT Prosilica GE4900C (16 MPixel)

[Full case study](#)

T-EXSPEED 2

Kria, Italy

Category: Security & Traffic

Industry: ITS

Application: Radar-/laser-free, 100% vision-based speed enforcement system

Challenges:

- Changing light conditions
- Changing climatic conditions
- Limited space

Camera Solution: AVT Prosilica GB1380C/2450C

[Full case study](#)

Intersection Monitoring

China Daheng, China

Category: Security & Traffic

Industry: ITS

Application: Red light/wrong lane turn enforcement, ALPR

Challenges:

- Changing light conditions
- Changing climatic conditions
- High resolution for several lanes

Camera Solution: AVT Prosilica GC1600C/2450C

[Full case study](#)

Tachyon

Cornell University AUV, USA

Category: Security & Traffic

Industry: Defense, rescue

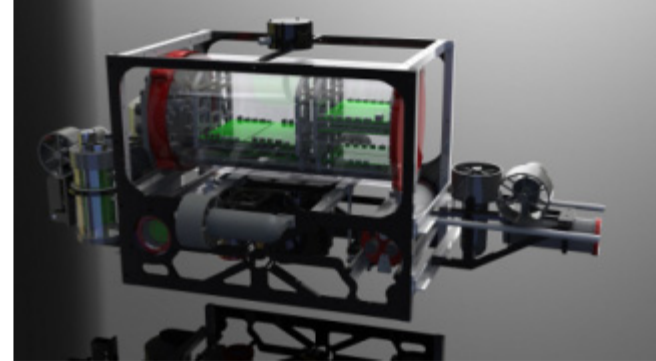

Application: Autonomous underwater vehicle

Challenges:

- Changing light conditions
- Weight and size limitations

Camera Solution: AVT Guppy F-046/F-080

[Full case study](#) | [YouTube Video](#)

Product Traceability

Matrix Systems & Solutions, USA

Category: Logistics

Industry: Chemicals

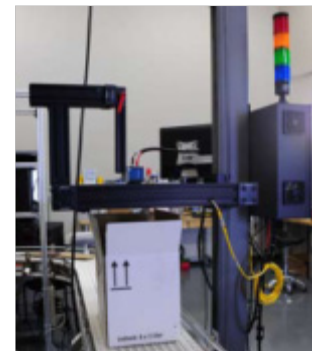

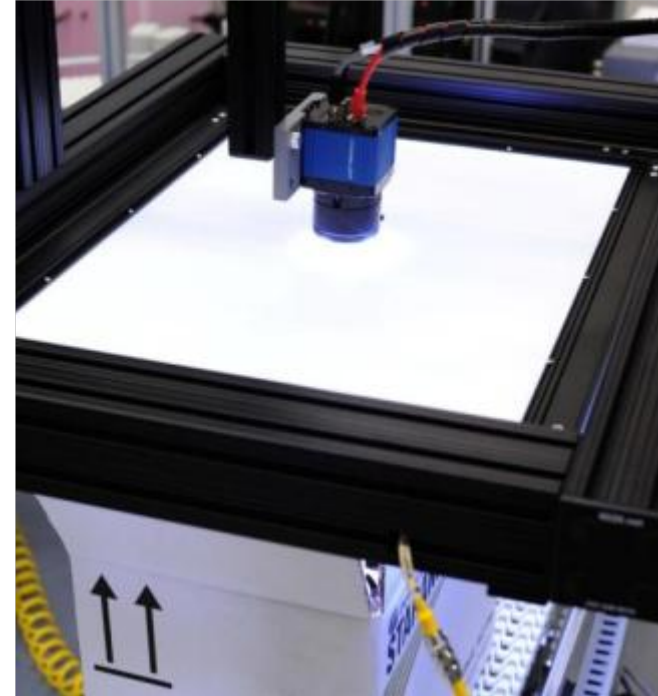

Application: Datamatrix code reader on bottle packaging line

Challenges:

- Very small codes on bottle caps
- Read full bottle case at once
- Random rotation of screwed caps

Camera Solution: AVT Prosilica GE4900 (16 MPixel)

[Full case study](#)

Mail Processing

Matrix Systems & Solutions, USA

Category: Logistics

Industry: Document mailing

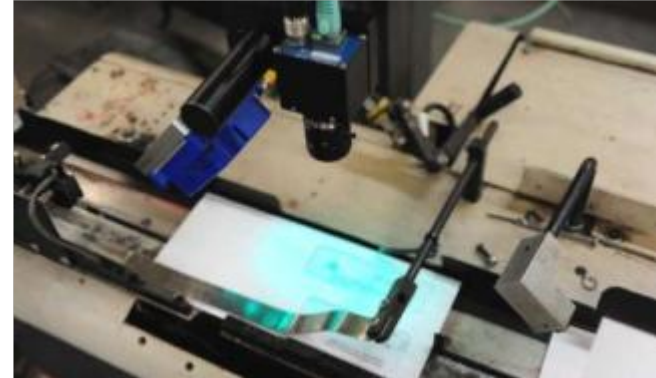

Application: Track mailing of sensitive medical documents with data matrix code

Challenges:

- 100% error free for legal reasons
- Very small code (< 6 mm)
- High speed (10,000 codes/h)

Camera Solution: AVT Prosilica GC1020

[Full case study](#)

Reactable

Pompeu Fabra University Barcelona, Spain

Category: Multimedia & Entertainment

Industry: Music

Application: Machine-vision-based synthesizer with table-top interface

Challenges:

- Real-time processing
- Ambient lighting interference
- 100% reliability

Camera Solution: AVT Guppy F-046 (with NIR-Filter)

[Full case study](#) | [YouTube Video](#)

Automatic Foosball Robot

Cologne University of Applied Science, Germany

Category: Multimedia & Entertainment

Industry: Gaming

Application: Experimental automated foosball (table soccer)

Challenges:

- Ball tracking
- Real-time processing
- Fast reaction

Camera Solution: AVT Pike F-032

[Full case study](#) | [YouTube Video](#)

Playland Roller Coaster

3db Solutions, Canada

Category: Multimedia & Entertainment

Industry: Amusement parks

Application: Souvenir photographs during roller-coaster rides

Challenges:

- High speed
- Motion blur
- Cable length

Camera Solution: AVT Prosilica GC1600C/GE1650C

[Full case study](#)

Virtual Stage

Mobidium SAS, France

Category: Multimedia & Entertainment

Industry: Advertising

Application: Interactive advertising floor/wall

Challenges:

- Real-time interaction (speed)
- Multi-camera networking (mosaic mode)

Camera Solution: AVT Guppy F-033 (with IR-pass)

[Full case study](#) | [YouTube Video](#)

Swing&See

R&D Vision, France

Category: Multimedia & Entertainment

Industry: Sports

Application: Golf swing tutorial tool

Challenges:

- High frame rates for image-per-image slow motion
- Multi-camera synchronization

Camera Solution: AVT Pike F-032C

[Full case study](#) | [YouTube Video](#)

Bing Streetside

Vexcel, Austria

Category: Multimedia & Entertainment

Industry: Online maps and navigation

Application: Mobile imaging system to capture street landscapes

Challenges:

- Changing lighting conditions (outdoor)
- Multi-camera (up to 12/vehicle)

Camera Solution: AVT Prosilica GC1380C

[Full case study](#) | [YouTube Video](#)

Forever 21 Times Square Billboard

space150 Inc., USA

Category: Multimedia & Entertainment

Industry: Advertising

Application: Giant interactive billboard
(point of sale advertising)

Challenges:

- Changing lighting conditions (outdoor)
- High resolution and high speed

Camera Solution: AVT Prosilica GX1910C (HD)

[Full case study](#) | [YouTube Video](#)

Müller HM Data Framescanner

FimFabriek, Netherlands

Category: Multimedia & Entertainment

Industry: Film digitization/restoration

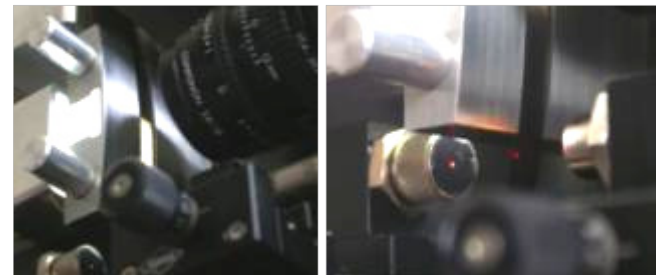

Application: Frame-by-frame, multi-format thin film scanning

Challenges:

- High image quality
- Synchronized image capture

Camera Solution: AVT Pike F-145C

[Full case study](#) | [YouTube Video](#)

TriVision Packaging Inspector

TriVision a/s, Denmark

Category: Industrial Inspection

Industry: Food Packaging

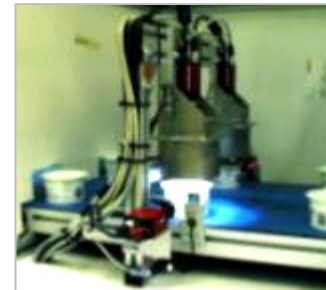

Application: 100% quality inspection of food containers

Challenges:

- High accuracy
- High speed
- System modularity

Camera Solution: 53 AVT Stingray, Marlin and Guppy

[Full case study](#) | [YouTube Video](#)
